Sub:-House Surgeons - Provision of free quarters in the Compound of the Govt.Headquarters Hospital, Mangalore.

Ref:-Petition dated 5-4-55 from the House Surgeons, Govt.Wenlock and Lady Goschen Hospital, Mangalore addressed to the Joint Secretary to Government, Health Education and Local Administration Department, Madras.

F o r w a r d e d .

The District Medical Officer, South Kanara who was referred to in the matter has reported that there is no space available in the compound of Government Wenlock and Goschen Hospital, Mangalore to provide free quarters for the House Surgeons working in the Hospital. The only alternative way left is to construct one more storey (3rd storey) to the proposed 2nd Block of the Government Wenlock Hospital, Mangalore and provide the same as quarters for House Surgeons.

Sir,

We the undersigned beg to state that all the house surgeons in Madras General Hospital, Stanley and other District Head Quarters' Hospitals were provided with quarters, as such they can devote their full time for the hospital duty.

All most all the house surgeons who are now working at Mangalore have their native places outside Mangalore proper, as such they have to reside either at Registered Lodge or Hostel which invariably far away from the Hospital.

As we are not paid with stipends during the period of house-surgency, and house-surgency is made compulsory it is a further financial strain on our parents - it will be a great help to have at least free quarters.

We firmly believe, Sir, it may not be much difficult to provide free quarters for us inside the hospital compound as there will be vacant buildings when the present hospital is shifted to the new buildings.

We will be failing in our duty if we do not mention the kindness shown by our popular D.M.O. We believe, Sir, it may not be difficult for our D.M.O. to suggest a building inside the hospital where you can house the house-~~quartax~~ surgeons.

It is very difficult in the rainy season especially to come in time to attend the hospital duties if we are not provided with quarters near the hospital.

We anticipate that our long standing request may be granted at an early date.

Thanking you, Sir,

We remain,
Yours faithfully,

M a n g a l o r e,
